Mr. Augustine,

Do you have a standard form that you have gotten from us before? We've done a couple of TCR's up here lately. Do you guys have something from Frank Zingales, or Wade Balser?(This is mt first).

I've attached a list of ARAR's that our legal department sent me. Unfortunately it includes them all and it not site specific.

Ms. Prusnek:

I am currently working on the Action Memorandum for the Accurate Plating Company Site, Time-Critical Removal Action, located at 6512 Carnegie Avenue, Cleveland, Cuyahoga County, Ohio.

To perform this action, EPA will attempt to comply, to the extent practicable, with all Applicable or Relevant and Appropriate Requirements (ARARs) of State environmental and facility siting laws. This email is a request that the Ohio EPA notify the EPA On-Scene Coordinator (OSC) of any State statutes or regulations that the State believes are potential ARARs for this removal action.

EPA will examine these requirements and determine whether they are applicable or relevant and appropriate to the Site. Pursuant to 40 CFR 300.415(j), fund-financed removal actions shall, to the extent practicable considering the exigencies of the situation, attain ARARs under federal environmental or state environmental or facility siting laws.

Thank you for your assistance
